GAME SCREEN

RACE EVENTS

Battle the competition to be the first to the finish line. Earn medals for placing, plus burnout points for skillful—or just plain crazy—driving.

- RACE** Do whatever it takes to finish first.
- GRAND PRIX** Earn GP points for qualifying in a series of races. Your goal is to get the highest combined score.
- ELIMINATOR** Stay ahead to win: the driver in last place at the end of each lap is knocked out.
- FACE OFF** Race one-on-one against a challenger to win their car.
- ROAD RAGE** Take down as many racers as possible in the time limit. Hit the Takedown targets to win medals.
NOTE: In this mode your car takes damage when you crash. After the "Damage Critical" message appears, one more smash totals your car and ends the event!
- BURNING LAP** Beat the bronze, silver, or gold time in one lap to earn medals.
- SPECIAL EVENTS** Burners with a fistful of gold medals get invited to exclusive special events.

SELECT CAR/GARAGE

- Press the **□** button to change vehicle color.

NOTE: Silhouetted vehicles must be unlocked before you can drive them. Highlight one to find out how to make it yours.

RISK VERSUS REWARD

Making it in *Burnout 3: Takedown* is all about taking chances and driving aggressively. Fill your boost bar to speed into the lead and take down rivals to eliminate the competition.

BOOST BAR

If you want to keep up with the competition, fill your boost bar to give yourself a speed advantage. Driving dangerously gets you started.

Live Dangerously

Weave through oncoming traffic, risk near-misses, drift around bends, or catch air on a hill crest. The blue flicker tells you you're earning boost, and when it turns to a bright orange flame, release it with a nitro-blast by pressing the **R1** button.

Boost Wars

Shove opponents to steal their boost, but expect the favor to be returned.

TAKEDOWNS

Takedowns are where you stand to gain the most boosts. Smash an opponent off the track to extend and fill the boost bar: one section is added per takedown, to a maximum of four. Suffer a takedown or crash and one of those sections is lost.

Get Nasty

Clip fast-moving drivers into the trackside for a wall takedown, or boost-smash a rival into oncoming vehicles for a car, van, or big rig takedown.

Rack 'em Up

String two or more takedowns together. Now you're really racking up the points!

Takedown Avenged

Opponents don't take your attacks lightly. Watch their position markers change color. When they hit red, they're ready to ram you off the road! Steer out of trouble when they smash you—takedown denied!

Sweet Memories

That camera flash means you just scored a signature takedown. Check your photo album for clues about how to make another one (see p. 8). Signature takedowns also score you more points.

BURNOUT POINTS

Spectacular driving of all kinds earns you burnout points too. Go for aggressive driving rewards with stunts such as rubbing, duelling, slams, and shoves, or show off your driving skills by leading laps, pulling off a cool drift, weaving through oncoming traffic, and more.

Keep up the dangerous driving for long enough and a rotating star appears above your boost bar. As you continue the star fills in. If you keep up that fancy driving long enough to fill up all three stars you earn up to 100 burnout points!

AFTERTOUCH

After you crash, press and hold the **R1** button to switch to "slo-mo" impact time, then use the left analog stick to add Aftertouch and guide your wreck. Smash into big vehicles, spill payloads, flip out, or slide. All of these forms of Aftertouch add up to valuable burnout points!

- ⊕ Use Aftertouch in race events to steer your wreck into your opponents and score an Aftertouch Takedown—and keep that precious boost bar segment!

CRASH EVENTS

What could match the satisfaction of slamming your way into first place? How about creating a multi-car pile-up—and raking in crash \$ to unlock vehicles in the process!

- Ⓜ Your basic aim is to hit as many vehicles as possible. Crash \$ are awarded for the number totalled and the amount of damage you inflict on them: different vehicles have different values.
- Ⓜ Each event has a different Crashbreaker target, which counts down with every wreck piled-up. Cause enough vehicles to crash and you can press the **R2** button to detonate your car, tag a few more vehicles—and cause even more crash \$-earning damage.
- Ⓜ Use ramps to get air, then use Aftertouch to guide yourself into the traffic or towards pick-ups which can help or hinder your efforts:

Drive through the instant boost for instant speed.

Bronze, silver, and gold cash bonus pick-ups add instant crash \$, while x2 and x4 multiplier pick-ups multiply your total.

Hit a Crashbreaker pick-up to explode instant wreckage around your car! It'll earn you some more crash \$ too.

Avoid the Heartbreaker—it halves your final crash \$ total.

(Double Impact only) Think your rival crash-maker is out-scoring you? Swipe this to switch points on the sly.

- Ⓜ If you get a Crashbreaker, use Aftertouch again to seek out any pick-ups you missed.

MULTIPLAYER CRASH EVENTS put a spin on collecting pick-ups. In Team Crush, both players must collect the x2 or x4 multipliers for them to take effect, but in a competitive crash event, you'll be jostling to collect the pick-ups. Using Crashbreaker in a competitive mode detonates the other player's car and puts them out of the running!

JUST HOW DANGEROUS WAS THAT?

After each event on the World Tour a series of results screens appear and your progress is autosaved. Hit target scores or reach new goals to reveal unlocked rewards.

- Ⓜ Different information is displayed for different events.
- Ⓜ At the first results screen, choose CONTINUE to progress, or select RETRY to try again.
- Ⓜ Press the **△** button at the first results screen for an all-action replay.

GLOBAL SCORES: Check out your global burnout points, takedown total, and crash \$ total scores. These are your total earnings so far for the current profile. When these figures hit the "Win Car At" amount listed below them, a new vehicle is unlocked!

WHAT'S IN IT FOR ME?

- Ⓜ Choose REWARDS from the Driver Details screen at the Main menu to admire the results of your reckless driving.
- Ⓜ If a reward is greyed out, you just haven't earned it yet—highlight it to find out how to make it yours!

TROPHIES

Score enough takedowns to win a cabinet full of recognition.

GARAGE

New cars to help you win races and cause awesome crash damage.

SIGNATURE TAKEDOWNS

Unique takedowns captured in all their glory in your photo album.

SPECIAL EVENTS

Special Events are worth writing home about—a postcard should do the trick.

CRASH HEADLINES

Hit the headlines with colossal crash \$ totals to fill up your scrapbook with some satisfying news clippings.

PAUSE MENU

Press the **START** button to take a break and access the Pause menu. Pause menu options vary depending on which event you are competing in, and include:
